Data Notes:

¹ These are cases that closed effective the first day of the month with either a 229 code (TANF Time Limits) or for another reason but had 60+ months and did not qualify for a time limit extension. Data excludes cases that were initially terminated due to time limits but later reinstated within 90 days of initial closure. Some of the adults and children in cases that were terminated due to time limits have transitioned back to TANF/SFA as part of a different assistance unit or as a child-only case.

² This data does not include time limit closures for child only cases with an ineligible adult.
